Our Efforts Are Dedicated to Cure

SABELLE is today one of the fastest growing beauty brand. we offer a wide range of premium-quality beauty products. we respect nature and strive to use natural ingredients. many ingredients derived from natural fruits, flowers and plants are used in our formulations and our designs combine functionally with simplicity, elegance and respect for materials and resources.

we have a wide range of high quality beauty products and add new products annually.

SABELLE set up a high-tech laboratory and our R&D centre combine the best natural ingredients with the latest scientific research. Our research starts with beauty and health and continues through the selection of raw materials, exploration of new application techniques, product design, and a special formulation system.

we don't test our products on animals. we test them on ourselves. we won't offer them to you. that's why we proudly stand by all our products.

SABELLE has soon won widespread recognition for its quality and elegance. beauty specialists appreciate the quality of its products and the high level of the design and packaging.

SEBAGARD-Z ANTI-DANDRUFF SHAMPOO

Say Goodbye To ITCHING & DANDRUFF

Stops fungal growth: it disrupts the cell membrane of malassezia, a yeast fungus naturally present on the scalp that can overgrow and trigger dandruff and seborrheic dermatitis.

relieves itching and inflammation: it quickly calms persistent scalp itching, scaling, and redness.

treats specific infections: it is prescribed or recommended by dermatologists to treat conditions like tinea capitis (scalp ringworm) and tinea versicolor.

improves scalp health conditions while not a primary hair growth drug, reducing scalp inflammation and fungal-induced stress helps maintain healthy hair follicles. it may also aid in reducing local dht levels on the scalp, making it a popular secondary support for androgenetic alopecia (pattern baldness).

GREEN TEA & LEMON TEA

ONE DIP AWAY FROM HEALTHY SKIN

Boosted Antioxidant Absorption: Green tea contains catechins like EGCG, which are highly beneficial. However, these can be unstable in your digestive tract. The acidity and vitamin C in lemon juice help stabilize these compounds, allowing your body to absorb and use them more effectively.

Immunity Support: Both green tea and lemon are packed with Vitamin C and powerful antioxidants. This makes the tea a great natural remedy for warding off infections, reducing inflammation, and soothing cold symptoms.

Enhanced Weight Management: Green tea contains caffeine and metabolism-boosting compounds that support fat burning. Paired with a sensible diet, this drink helps the body maintain a healthy metabolism and stabilize insulin resistance.
